[IMP] PromptWars Kerala: Checklist

PromptWars: Kerala <nishant.malhotra@hack2skill.com>
To: Kalithas <kalithas878@gmail.com>

Fri, Jul 24, 2026 at 9:46 PM

Hi Kalithas,

We are a day away from **PromptWars Kerala**! To make sure you hit the ground running, please go through this prerequisite checklist tonight.

1. The essentials (What to bring)

- **Your Laptop & charger:** Sounds obvious, but don't be the person looking for a spare.
- **Extension Box:** To be on the safer side, bring a multi-plug/extension box with you so your setup stays powered all day.
- **Government photo ID:** Mandatory for security clearance at the venue (Aadhaar, PAN, or Driving License).
- **Your invite email:** Keep a digital copy ready with the QR code on your phone for check-in. **[This is mandatory]**

2. Pre-event setup & token preparation

To ensure zero friction on the day of the event, please keep your environment and tools ready beforehand:

- **Tool Setup:** Keep your workspace configured with the AI tools you plan to build with.

- **Token Reserves:** Make sure to save/reserve your API tokens for the day of the event in case you choose to leverage tools like **Antigravity** or **Google AI Studio**.

Quick Access Links:

- [Google AI Studio](#)
- [Antigravity](#) (*Ensure your access and setup are ready*)

3. Venue & arrival

- **Location:** IndiQube Millenia, Campus-1a, RMZ MILLENIA BUSINESS PARK-I, [9/1, MGR Main Rd](#), Kodandarama Nagar, Perungudi, Chennai, Tamil Nadu 600096
- [Link to venue](#)
- **Reporting time: 09:00 AM (25th July).** Security and check-in takes time; arriving early ensures you don't miss anything.

4. What your day will look like

- **Secret reveal:** On the day of the event, we reveal the problem statement at the venue. No one gets a head start.
- **Build phase:** You will have a focused window to build your solution from scratch.
- **Live pitch:** The top builders will demo their working solution live in front of a panel of industry experts, on the same day.
- **Win big:** Winners are announced on the spot, who will take the cash prize home.

PromptWars is a **vibe-coding** hackathon. We are looking for **intent, speed, and execution**. What's on the line?

- **INR 50,000** cash prize pool
- Direct mentorship from **industry experts**.
- Official certification.

We've got the fuel (lunch, snacks, and caffeine) covered. You just bring the ideas.

Feel free to reply to this mail in case you have any questions or queries.

See you there!

Best,

Team Hack2skill

Important note:

Please note that venue capacity is capped, and confirmation slots are allocated on a **first-come, first-served basis**.
